B. Of the 40 Municipalities that recommend exemption from duty of articles brought for home consumption the Hoskote & Yedatore Municipal Boards are of opinion that articles in large quantities for home consumption on special occasions, such as, marriage etc, should be taxed. a month. The Chamapatna Muml Bd says that articles on which duty has been paid in one Municipality may be exempted from duty for a second time (when imported into another Municipality) provided the articles are for home consumption and the persons importing them are not merchants.

16 The Kunigal Muml Bd is of opinion that as it is difficult to find out whether an article is for home consumption or for sale it is preferable not to allow any exemption & the practice of exempting from duty clothes for private use obtaining in the Municipality may be discontinued. This view is concurred in by the Dy Commr of the Mysore Dist who says that "Considering "that exemptions are always "troublesome to work and more "especially in the minor muni "cipalities, where the collectio

~~18~~ 17 In March 1909 the question of ~~levying~~ levying tolls in the Seringapatam Municipality was under consideration. The Munl Bd then passed a resolution deferring the consideration of the question of exemptions pending the disposal of the other matter. The proposal was negatived in G.O. 27 The system of refund prescribed in G. O. No. 6337-45 dated 25th Jan 1908 has been restricted to the duty on cloth only, as that is the only dutiable article that can be easily identified.

28 There appears to be no order directing the refund of the duty to the party in case a duty-paid article is exported to a non-Municipal area. It is a question whether it is necessary to take any action in this matter as it has been ordered that the Non-Regulation municipalities should be brought under the Regulation or converted into unions.

The proposed draft seems to me not calculated to afford the relief sought for. The Chief Commr's draft is good & may be adopted with a definition of small quantities. The quantities prescribed in Mysore city seem to be too much. The principle of the exemption is not exemption from tax alone but exemption from vexatious interference on the part of minor officials. Please put up a draft prescribing the adoption of the Chief Commr's circular No. 3362 of 27 Sep 79 & enjoining a definition of small quantities — & circulate to Councillors & bring up early at a Council meeting. 27 June 11

(1) Para 31 of Chief Commissioner's Proceedings No. 3362-73/Municipal 161 dated 27th September 1879 provides that the Municipalities concerned should make arrangements "for exempting from octroi articles, brought into the town for private use in small quantities". What quantity constituted "small quantities for private use is nowhere specified.

Subject No. 161.

(2.) It was represented at the Dasara Representative Assembly of 1908 that persons purchasing cloths for their own private use in small quantities within the limits of one Municipality were required to pay duty within the Municipality in which they resided.

(3.) In consultation with the several Municipalities in the State, it is proposed to define in the accompanying draft what constituted small quantities of articles for private use. Both the Councillors agree to the maximum quantity limited in para 2 of the draft and it may be approved.

Summary of discussion.—Articles on which octroi duty has once been paid in one municipality are again subjected to duty in another, unless accompanied by a "mafi" rahadari within three months from the date of the first payment This limitation of time may be removed in the case of cloths, as they are generally stamped by the first municipality and there is therefore no need to impose any limitation as regards the period within which a "mafi" rahadari should be applied for In the case of other articles the limit of time may be extended.

Mr C. Sreenivasa Rao, Chikmagalur Taluk.

If a trader takes the cloths on which duty has been paid in one municipality into the limits of another municipality, he should pay duty in the latter municipality Otherwise the latter municipality will suffer

Mr Madappa, Mysore City Municipality

The present system is not in any way inconvenient to traders. It is only persons who purchase cloths for their own private use in small quantities within the limits of one municipality that find the present system to be inconvenient as they are also required to pay duty within the municipality in which they reside

Reply of Government.—The present rule requires no alteration The municipalities concerned should make arrangements for exempting from octroi articles brought into the town for private use in small quantities, as laid down in the late Chief Commissioner's Proceedings No 3362-73—Ml 161, dated 27th September 1879. The question should not be brought up again

Sir,

With reference to your Docket No B 510-9 / ML 281-08-2 dated 2nd March 1909, calling for the resolutions of the several Municipal Councils in this District in re exempting from payment of Octroi duty articles brought into a Municipal Town for private use in small quantities, I have the honour to submit herewith the resolutions of all the Municipal Councils, except that of Malavally. It will be seen therefrom that the Seringapatam Municipal Board have deferred the subject until the question of the introduction of tolls into the Municipality is decided. The Municipal Board of Bannur have resolved that the existing system requires no alteration. And the remaining Boards are in favour of exemption being shown. Both considering that "exemptions" are always

troublesome to work and more especially in the minor municipalities, where the collections are in the hands of low-paid officials or village officials who are likely to abuse their power, and that it is not easy to distinguish between articles which are imported for private use and those intended for sale, I am of opinion that the present system of levying duty on all dutiable articles imported into the towns may safely and advantageously continue

I have the honour to be,
Sir,

~~Sir,~~ In continuation with this office letter No 8 dated 2/3 July 1909, submitting resolutions of the several Municipal Boards in the district, except Malavally, re the exemption of dutiable articles from payment of Octroi duty when they are brought within Municipal limits in small quantities for private use, I have the honour to submit herewith a copy of the Malavally Municipal Board's resolution in the matter. It is seen ~~therefrom~~ that the members of the Board, except Mr Sankarappa, are not in favour of the said exemption in as much as it would be very hard to distinguish between articles brought for private use and for sale

My opinion which is quite in concurrence with that of the Malavally Municipal Board, has already been submitted with the letter quoted above

Discussed order No 84 dated 8

Mr Srinivasa Rao is of opinion that

this Taluk does not ....

of the dutiable articles and as in consequence the same have to be imported from other municipalities such as Tarikere and Birur where the duty has once been recovered in those municipalities it is not advisable to impose octroi on such articles when brought into Yedahalli by private individuals for domestic consumption. In case such articles are brought by dealers for sale in shops or shandy the duty is recovered for this municipality in spite of octroi having been once recovered on the same article in another municipality. It is not advisable to fix a limit for allowing dutiable articles into town for private use as has been done in the Chikmagalur municipality as the circumstances in the two taluks are quite different. The Chikmagalur Taluk produces all the dutiable articles

this

this Sub-Taluk produces none except jaggery and that too in small quantities. These have to be imported from other Taluks. He also stated that it would be a great hardship to impose such restrictions here as are resolved in Chikmagalur as this being malnad, articles can not be brought daily but have to be stored for 5 or 6 months together to serve for the monsoons. Such concessions as are granted here would be entirely useless as there are scarcely any cases in which articles are brought for private consumption in such small quantities.

All the members present, agree with the opinion of Mr. Srinivasalu and resolved that no limit can be fixed for articles that may be brought into the municipality

for domestic consumption.

Sir,

With reference to your docket No. 8510-9/M1.281-08-2 dated 2nd. March 1909 inviting attention to subject No. 161 discussed at the Representative Assembly of 1908 in the matter of exempting from payment of octroi duty articles brought into a Municipal town for private use in small quantities, and requesting me to report the resolutions of the Municipal Councils, I have the honour to submit herewith the resolutions of the several Municipal Councils on the subject.

As regards the Hassan Town Municipal Council, the subject was referred to a Sub Committee appointed for the purpose, who passed a resolution to the effect that they were not in favour of granting any exemption for any articles brought into the Municipality in small quantities for home consumption in as much as Octroi is a duty or tax on consumption of certain articles in specified and prescribed areas raised with the object of meeting the local and municipal needs of the areas concerned. The opinion of the Sub Committee was placed before the Municipal Council at their meeting held on 3rd. May 1910 and a resolution was passed to the effect that the opinion of the Sub Committee be accepted.

I have the honour to be

Your most obedient servant,
